Workwear

The Gladiator® Keptotec combines various features of our cut protection pants. The aim of the development was to create practical cut protection pants with the usual high quality. These work safety pants are designed to appeal to various types of work groups. They have sporty knee reinforcements, various pockets, and ventilation slits for comfortable wear on hot days.

- **Cut protection** class 1
- Keptotec fabric on the front of the upper and lower legs and in the heel area
- **Tear-resistant 4-way stretch fabric**
- Reflective icon on the left calf

Material:

92% **Polyamide** (beag® mTec, abrasion resistant)

08% **Elastane**

EN 381-5 Klasse 1 / Typ A
